The “Getting Ready for Calculus” Blackboard course provides you with short teaching videos and practice questions that allow you to review key concepts covered in high school math that are fundamental to the concepts you are, or will be, learning in calculus. You can self-enroll in the course by following the steps below.

If you have any questions, or would like to provide feedback on the site, you can contact us at help_learn@rdc.ab.ca

To enrol in the course, click here: Getting Ready for Calculus

Enter your RDC Username and Password.

Click: “Click here to enroll” on left side of page.
Don’t worry when you see the big red banner saying “Access Denied”.
Notice the green cross in the box on left side of page.
Click: “+Enrol”.

Click: “Submit” on right side of screen.
Congratulations! You are enrolled in the “Getting Ready for Calculus” Blackboard Math Video course and next time you log on to Blackboard it will be listed as one of your courses.
